## Rent Adjustments

If you have a change in income, it may affect your rent. Please make an appointment with your leasing manager as soon as you are aware of a change in your income.

If your income has increased and you delay reporting it, you may end up with a back charge for those months. If your income has decreased, your rent may be reduced.

Also not reporting income may be considered fraud and **strict actions** will be taken.

Either way, it is to your advantage to report income changes as soon as possible.
